Steve--

I integrated your forestry comment and removed "legal" from the "Management/Technical" Team discussion but left is as "Technica Team" rather that staff to align with how we've been referring to the staff team earlier in this letter as well as in the July letter.

Christine--

Barring any additional last minute comments, please use this version attached to send to NWEA.

Ex. 5 - Attorney Client

On the reference to "Managerial/legal/technical", it would be better to change that to "managerial/staff"?

All--

As we mentioned on the call yesterday, please provide me any final edits to our Sept. update to NWEA by COB tomorrow (9/24). Our response is due the end of the month. The latest version is attached that includes a recommendation from Jeff and Steve to remove reference to the legal team meetings.

Subject: Original 1998 language on Oregon's Additional MMs for Forestry and how these MMs were developed

All,

Attached are a couple documents that our managers in particular may find helpful as they review materials from us. Our management has also requested that we include information right up front that presents the actual condition language in our issue-specific documents.

1. A subset of NOAA-EPA's 1998 Conditional Approval Findings Document for Oregon with the Additional Management Measures for Forestry highlighted in yellow. The articulation of the condition is very general in the CONDITIONS section, but very specific in the RATIONALE section.
2. A "Timeline for Oregon's Additional Management Measures for Forestry and Related Documents" assembled from HQ's paper files.
